Frequently Asked Questions (FAQs)
Which prescriptions should I include on my Claim Form?
You should include all retail purchases of Valsartan finished drug formulations utilizing Hetero Process III Valsartan active pharmaceutical ingredient (“API”) which was sold between May 1, 2018 and July 31, 2018. These can be identified using the NDC Codes of 31722-747-90 (160mg) and 31722-748-90 (320mg).
What is an NDC Code?
The NDC, or National Drug Code, is a unique 10-digit, 3-segment number. It is a universal product identifier for human drugs in the United States. The code is present on all nonprescription (OTC) and prescription medication packages and inserts in the US. As set forth on the Claim Form, you should list the NDC Code(s), if known, but it is not required that you do so in order to submit a valid claim.
How do I find my NDC Code?
If you were not sent a Class Member ID and you obtained your prescriptions from one of the following pharmacies: Albertson’s LLC; CVS Pharmacy, Inc.; ESI Mail Pharmacy Service, Inc.; Express Scripts Pharmacy, Inc.; OptumRx, Inc.; Rite Aid Corporation; Walgreen Co.; and/or Walmart Inc., you may contact the Settlement Administrator for assistance in identifying your NDC code(s). If you did not obtain your prescription from one of the listed pharmacies, you may contact your pharmacy to obtain a list of the NDC codes associated with the valsartan containing medication you took.
How do I determine what hypertension/blood pressure medication I was prescribed?
The best source of this information would be your pharmacy dispensing records. Pharmacies typically maintain those records for up to ten (10) years, and for many pharmacies, such records can be accessed online. Please contact your pharmacy or visit their website for further information on how to request access to your pharmacy records.
Do I need to provide documentation to support my claim?
Documentation is generally NOT REQUIRED to support your claim. However, for payment in excess of \$40 for any 30-day supply of qualifying Hetero Valsartan, documentation is required (see next question for details). Your claim will be reviewed by the Settlement Administrator to determine if sufficient information is provided to approve your claim, or if additional documentation, such as supporting pharmacy records, is required. You may, if you so choose, provide such documentation with your Claim Form submission to prevent any possible delays in approving your claim.
How will claims be calculated?
Each valid Consumer member of the class shall generally receive from the Settlement Fund a distribution of no more than \$40 for each 30-day supply of qualifying Hetero Valsartan purchased and no more than a total of \$120 per Consumer based on the quantity of purchases claimed. However, a Consumer member of the class may submit a claim in excess of \$40 for any 30-day supply of qualifying Hetero Valsartan paid out of pocket by that Consumer, and may receive a payment in excess of \$40 for that 30-day supply without regard to the \$40 or \$120

caps. Total payments to Consumers will be capped at 40% of the net Hetero Economic Loss Class Settlement Fund. See the website for full details.
